

TUBE GEAR LTD

Appendix II

MAXI STOR ASSORTED BOX RANGE

This range of heavy duty assorted boxes provides an all-in-one storage solution for workshop or sales displays.

The heavy duty toughened plastic display rack and boxes are designed to be tough enough for any environment and are virtually indestructible.

The contents are a more comprehensive range of fittings that give the most popular range of fittings available; the boxes are fully labelled for reorder and stock taking procedures.

- The most comprehensive range of fittings
- Fully labelled for reordering
- Free display holder with every four Maxi-stor boxes
- All popular fitting ranges covered
